

## Guidelines for visitors and users - YouTube

The Disability Services Commission's social media platform is designed to encourage and foster meaningful interaction and engagement with West Australians, serving as a place for discussion, feedback and questions.

When interacting with this page, the Commission requests that you:

- exercise courtesy
- do not post your personal details, such as address or telephone number
- acknowledge that opinions expressed by third parties do not reflect those of the Commission.

Your post may be deleted if it contains:

- violent, obscene, profane, hateful, derogatory, racist or sexist content
- information that may compromise the safety or security of the public
- any discussion or promotion of behaviour that is unlawful
- comments that threaten or defame a person or organisation
- advertisements, endorsements, solicitations or spam, or
- other inappropriate content as determined by the Commission.

By "liking" or otherwise interacting with this page you acknowledge the terms outlined in these guidelines for visitors and users. Users who do not comply with these guidelines may be blocked from the Commission's platform at the discretion of the Commission.

### Accessibility statement

The Disability Services Commission is committed to ensuring that the content on our YouTube channel is accessible and strives to meet the Web Content Accessibility Guidelines, Version 2.0 to Level AA wherever possible. However, it should be noted that each social media platform presents the user with a different accessibility experience.

People with a vision or mobility impairment who rely on a keyboard are likely to find the standard website [www.youtube.com](http://www.youtube.com) challenging and may find one of the other YouTube portals easier to use with available keyboard shortcuts. These include Accessible YouTube, Easy YouTube and Accessible Interface to YouTube. Of these, only the Accessible YouTube provides support for closed caption playback.

If you require a different format for the content on our YouTube site, please contact us through our website at [Disability Services Commission contact page](#).

### Helpful Information

The following Information from the YouTube Help function about accessibility provisions may be helpful: [Using YouTube with a screen reader](#), [Turning captions on and off](#), and [Changing caption font and format](#) . Alternatively, Media Access Australia has produced some helpful resources for YouTube which may be found at [Media Access Australia: YouTube resources](#)

Our website accessibility information may be found at [Disability Services Commission Website Accessibility Information](#).
