Hard words

This book has some hard words.

The first time we write a hard word

- the word is in **blue**
- we write what the hard word means.

You can get help with this book

You can get someone to help you

- read this book
- know what this book is about

- find more information.

About this book

This book is for people who

- live in the Pilbara area.

- get money for support from
WA Disability Services.

Government of **Western Australia**
Department of **Communities**
Disability Services

WA Disability Services helps people with a disability get support that is right for them.

WA Disability Services will pay for support that is

- **reasonable**

Reasonable is something that is fair.

and

- **necessary**

Necessary means something you must have.

Price is how much something costs that you can buy with your funding.

In this book we tell you the price of support for

- **accommodation** on page 9

This means where you live.

- daily living on page 14

- communication on page 17

- **wellbeing** on page 19

This means to be happy and healthy.

- having a break on page 21

- **support planning** on page 24

This means you get more help when things in your life change.

- **behaviour support and specialist care** on page 25

This means you get more help for

- behaviour
- medical care
- personal care.

- **therapy and specific support** on page 26

This means therapy that will help you

- do more for yourself
- be included in the community.

Types of management

You will have your own plan.

Your plan will list your supports.

You can choose how each support in your plan is managed.

You can choose

- **self management.**

You can get money from WA Disability Services to buy supports in your plan.

You can choose who you get support from.

- **service provider management.**

You can choose a **provider** who gets money from the WA Disability Services.

A provider

- gives services to people with a disability
- can help you manage the support you get.

- **shared management**

You can get money from the WA Disability Services that pays a provider.

You and the provider can manage the support together.

- **combination management.**

You can have both self managed and service provider managed supports in your plan.

What changes the price of supports?

Things that can change the price of a support are

- if support is shared with another person

- the skill of the person giving support

- transport costs

- your age

- when you need support, for example

- day time
- night time.

- **support needs.**

Support needs are things you need help with.

People need different amounts of support.

How much support a person needs depends on

- what they can do for themselves

- what they need help with

- their **goals**.

- a goal is something a person plans to do because it is important to them.

- what they need to make their goals happen.

Support and price

Accommodation support
