VisAbility's service description:

What do you believe in? At VisAbility, we believe every person has the right to live the life they choose; to forge their own journey. We've been liberating and empowering Western Australians living with disability for more than 100 years.

We are helping to shape a world where people of all abilities have the same right to participate, the same range of options, the same level of freedom and the same control over their day to day life as any other person.

Our professional therapy and support services assist people across a range of ages and disabilities in their homes, at school, at work and in the community.

Our friendly and experienced team are here to guide and support your choices. To help you make the best decisions for the life you want to live. It is our commitment to you to work with you and your family or carer to plan for your future.

At VisAbility, we will work with you to plan for your current needs; for your future hopes, dreams and goals: and support you to achieve them. We will walk this journey with you.
