#### FunTalk Speech Pathology's service description:

FunTalk Speech Pathology provides high quality Speech Pathology service to grow and enrich the lives of children with disabilities. Our therapy team provides fun and engaging services for children with complex communication needs, to maximise their learning potential. We work collaboratively with families and health/educational professionals, to provide individualised support to achieve the goals you desire for your child.

FunTalk Speech Pathology provides services primarily from our Kwinana based clinic, with visits to home, school or daycare also available on request. Our therapy team is experienced working with children with a range of disabilities and provides services for these children targeting the following areas:

- Speech sound delays/disorders
- Expressive and receptive language delays/disorders
- Social skills
- Pre literacy and early literacy development
- Stuttering
- Voice disorders
