SMP lifeskills2work's service description

Since 1994 we have had a person centred approach to understand an individual's abilities and aspirations. Our individualised approach has enabled us to provide supports by which our clients have developed their independence, become work ready, learned to communicate effectively and develop a network of friends.

We support all individuals aged 16yrs and older living with physical, sensory, physiological, psychosocial, or intellectual disability who require low, medium or high support to enjoy meaningful and fulfilling lives.

Our professional and experienced staff can support you on a one-to-one basis or in small groups of likeminded individuals, and at times convenient to you.

SMP lifeskills2work offers programs which enable you to Experience Life, learn Skills4Life, plan your Transition to Work, enjoy your Golden Years, or have a Great Escape.

Our services assist people living with disability to achieve their personal life goals by facilitating greater access to the community and the development of their social, work and independent living skills.
