Support Clusters:

2. **Daily living** support will help you to live on your own and be part of the community. It can also help you **learn** skills in personal care, communication, shopping, cooking and cleaning. This support can be used to get help with transport and teach family and carers how to support you.
4. **Wellbeing** support will help you to find a job or do community activities.
5. **Having a break** can help you to do things you enjoy and have a good relationship with your family and friends. You can get help to give your carer a break, go to activities or go to respite care in your own home or somewhere else.
8. **Therapy and Specific Support** will help you do more for yourself and be included in the community.
- 9.

For the above cluster(s), VisAbility is able to offer

- Services to individuals with psych-social disability
- Shared Management

VisAbility's service description:

VisAbility have provided innovative, life-changing services to people living with disabilities for more than 100 years. Our professional therapy and support services assist people across a range of ages and disabilities in their homes, at school, at work and in the community.

At VisAbility both adults and children have access to skilled professionals in occupational therapy, physiotherapy, speech pathology, psychology, social work, orientation and mobility and orthoptics.

Our highly qualified team of professionals can visit you at home to provide services, aids and equipment. You can receive therapy services one-on-one, as part of a group or by videoconferencing, depending on your needs and choice.

We are experienced at collaborating with educators, hospitals and other healthcare professionals in the form of facility visits, reports, regular phone and email communication and joint planning meetings.

The accessible media production service transcribes a range of items including computer files, printed books or existing recordings into Braille and/or other accessible formats on request.

Our children and youth team have specialist training in Bobath, Sequential Oral Sensory (SOS) Approach to Feeding, Hanen, Positive Parenting Program (Triple P) as well as expertise in behaviour support, toilet training and child development.

We are proud to be helping to shape a world where people with disability have the same right to participate, the same range of options, the same level of freedom and the same control over their day to day life as any other person. This is our vision for independence.
