## Grow Play Learn Physio service description:

Grow Play Learn Physio provides mobile physiotherapy services for children in the Rockingham and Mandurah areas. Physiotherapy sessions are based around helping your child achieve outcomes that are important and relevant to them and you. Services can be provided at the location that is most beneficial, including home, school or day care settings.

Physiotherapy sessions are completed in an engaging and caring manner, using evidence-based practice. This practice involves all the people that you feel are important to your child's development, including family members, teachers, care staff, and other health professionals.

As a small, private practice, Grow Play Learn Physio is able to offer a service that understands the daily challenges of family life, and helps incorporate therapy interventions into those daily activities you are already doing.

Please do not hesitate to get in contact if you have any questions or queries.
