

## Service Description

### South Metro

#### Name of Organisation:

Alzheimer's WA

#### Website (link):

<https://www.alzheimerswa.org.au/>

#### Areas Covered:

- Mandurah; and
- Rockingham

#### Support Clusters:

2. **Daily living** support will help you to live on your own and be part of the community. It can also help you **learn** skills in personal care, communication, shopping, cooking and cleaning. This support can be used to get help with transport and teach family and carers how to support you.
4. **Wellbeing** support will help you to find a job or do community activities.
5. **Having a break** can help you to do things you enjoy and have a good relationship with your family and friends. You can get help to give your carer a break, go to activities or go to respite care in your own home or somewhere else.
6. **Support Planning** will help you if things in your life change. Support can be used when something happens that you did not know would happen, when there are many things to manage that you need help with and to plan during these times. Support can also be used by your main service provider to manage 3 or more of your services.
7. **Behaviour support and specialist care**
  - 7a. Behaviour Support.
  - 7b. Specialist care for persons with high care needs (includes nursing care in the community for people with high care needs).
8. **Therapy and Specific Support** will help you do more for yourself and be included in the community.

#### For the above cluster(s), Alzheimer's WA is able to offer:

- Services to individuals living with any form of dementia.
- Shared Management

## Alzheimer's WA service description:

As the dementia experts Alzheimer's WA works with those living with dementia and the organisations that care and support them, to have the greatest beneficial impact on their dementia journey.

Our client services, advocacy work, training and consultancy programs are based on a philosophy of understanding the lived experience of dementia. We are guided by people living with dementia and our approach views dementia as a holistic experience for the person rather than just a biological illness.

Under the NDIS, Alzheimer's WA offers a number of dementia specialised support services including: individual and group respite, day centre, overnight cottage and in-home respite, supported volunteering, social engagement services, occupational therapy and counselling.

Alzheimer's WA also works in partnership with community, aged, health and disability providers. Our capacity building model brings our dementia expertise to support the development of other services and environments through training and consultancy.

**Please contact us on 1300 66 77 88 if you would like further information regarding our supports and services.**
